Sign In Page

A wireframe of a mobile application sign-in page. The page is enclosed in a rounded rectangle representing a phone screen. At the top, there is a status bar with a battery icon and signal indicators. Below the status bar, a 'Back button' is located in the top-left corner. The main content area is centered and contains the following elements: a 'Sign In' title, an 'Email' label above a text input field, a 'Password' label above a text input field, and a 'Sign In' button at the bottom. The input fields and the button are represented by rounded rectangles. The entire page is set against a light gray background.

List items should allow users to buy a player

Create transfer offer.
Flow starts by selecting a player.
See the proposed **Select Player Page**.

Player page

A mobile application interface for a 'Player page'. The screen is enclosed in a rounded rectangle with a thin border. At the top, there are four small circles representing a status bar. Below this, the page has a header with 'Back button' on the left and 'Sell button' on the right. The main content area contains the following elements: a bold 'First name' label, a bold 'Last name' label, a checkbox followed by 'Country name', the text 'Market value: \$<market value>', 'Position: <position>', 'Age: <age>', and 'Birth date: <birth date>'. Below these is a section titled 'Transfer history:' in bold. This section contains two identical blocks of information. Each block starts with a checkbox followed by 'From team name', another checkbox followed by 'To team name', the text 'Transfer date', and two lines of bold text: '\$ <price>' and '\$ <market value>'. At the bottom of the screen, there is a rounded rectangular button.

\$ <market value>

Allows selecting one of the user's players in order to continue other flows
(eg. creating a transfer offer)

Create Transfer Offer Page - player selected

A mobile app interface for creating a transfer offer. The screen is enclosed in a rounded rectangle with a thin grey border. At the top, there are three small circles and a horizontal bar. The main content area is a white rectangle with a thin grey border. It contains a 'Cancel button' at the top left. Below it are labels for 'First name' and 'Last name'. A checkbox is followed by 'Country name'. Below these are labels for 'Position: <position>', 'Age: <age>', and 'Birth date: <birth date>'. There are two grey buttons: one for 'Market value' with the text '\$12345678' and one for 'Sell price' with the text '\$12345678'. At the bottom is a white button with the text 'Create offer'. The bottom of the screen has a rounded rectangle with a thin grey border.
